

# Fifth Grade Exit Skills

## Bible Study

- Demonstrates growth in their knowledge of and love for Jesus through worship, prayer, song, the study of God's Word, and acts of service
- Learns and retells selected Bible stories
- Memorizes the books of the Bible and other selected scripture passages
- Applies Biblical principles to present-day life
- Understands and demonstrates the school-wide Christian attributes in daily life

## Reading

- Reads fluently from fifth-grade books and texts
- Demonstrates reading comprehension in daily written work and chapter book study
- Uses a variety of comprehension strategies to understand the content, characters, sequence, cause and effect, and main idea
- Makes inferences and predictions
- Identifies problem and solution in a story
- Identifies and understands the use of figurative language
- Draws conclusions from what is read
- Demonstrates the ability to compare and contrast the ideas and events in written materials
- Learns an appreciation for reading through trade books
- Demonstrates summary skills in book reports

## Language Arts/Writing

- Writes complete sentences
- Composes essays with correct grammar, spelling, punctuation, and capitalization
- Understands the different parts of speech and uses them correctly in sentence structure
- Applies capitalization and punctuation rules in daily written communication
- Uses multiple resources for gaining information
- Gathers and organizes information for research papers

## Math

- Identifies whole numbers, decimals, and integers
- Reads and writes numbers in standard form, expanded form and word form
- Identifies place value and compares numbers to millions
- Knows multiplication facts 0-12
- Multiplies up to four-digit numbers by one-digit and two-digit numbers.

## Math (continued)

- Divides up to five-digit numbers using one and two-digit divisors with remainders
- Identifies the Greatest Common Factor of two numbers
- Identifies the Least Common Multiple of two whole numbers
- Adds, subtracts, multiplies and divides fractions
- Computes equivalent fractions
- Finds the simplest form of a fraction
- Adds and subtracts fractions with like and unlike denominators
- Adds, subtracts, multiplies and divides mixed numbers
- Solves story problems
- Finds perimeter, area, and volume of geometric shapes

## Social Studies

- Practices responsible citizenship at home, school, and community
- Learns about Colonial Life, The American Revolution, and the growth of our Nation
- Understands how trade affected the economy of the thirteen colonies
- Understands the impact Britain, France and Spain had on the thirteen colonies
- Understands and analyzes the impact of the European colonists' movement to the Americas on the land and the indigenous peoples
- Analyzes how people from various cultural groups have shaped the history of the United States

## Integrated Science

- Explains a phenomenon using empirical evidence, disciplinary ideas, and logical reasoning
- Designs a solution that is supported by scientific ideas and meets criteria and constraints; evaluates and refines the solution through analysis of empirical evidence
- Develops, uses, and revises models to describe and predict phenomena or represents and tests design solutions
- Develops focused, answerable inquiry and research questions
- Defines the criteria and constraints for addressing a real-world problem through engineering design
- Plans and carries out investigations that provide evidence to support explanations, design solutions, and/or models
- Develops hypotheses and predictions related to the inquiry, research question, or investigation
